

Markus Lifenet Ltd.

Certificate of Conformity

This certificate provides assurance that the Markus Man Overboard (MOB) Recovery products are made in Iceland to the SOLAS/LSA code as applicable for man overboard recovery and is at present a subject for SOLAS Certificate of Type Approval.

The Markus MOB Scramble-net / Cradle / Scoop type SCN, former names MEL2, LBR4, MBR6 and SCN6, 8 or 10, is a commercial man overboard recovery system, mainly constructed from polyester webbing, polypropelen rope and PVC and PU fabric. Standard metal parts are made of marine grade material.

The Markus SCN material and joints have been tested by independant test service centre, the Innovation Centre in Iceland to withstand the tencile strength listed in the technical sheet for each product and performance tested in rough sea conditions on the Icelandic Coastguard ships Thor and Ægir.

The Markus MOB Scramble-net / Cradle / Parbuckle products type SCN do not contain either Asbestos or PCB.
